

TAMPA NORTH VOLLEYBALL CLUB

PARENT/PLAYER

HANDBOOK

2021-2022

Dear Parents and Players,

Welcome to Tampa North Volleyball Club. I am excited to begin the sixth season at Tampa North. The parent handbook contains important information that each parent must read and then sign the acknowledgement form. In addition, I also wanted to share with you some goals that we have for Tampa North.

The first goal is to develop each individual player. This is accomplished in several ways. First, we strive to develop complete volleyball players that are taught all the skills of the sport. Second, we also focus on the development of self-discipline, dedication, and confidence in each athlete, qualities that will assist them as they progress through life.

The second goal is to develop our teams. We believe that learning how to function in a positive team environment is one of the most useful life skills a player can develop. We want our teams to compete at a high level relative to their program and have them compete not only in tournament play, but also in the training environment. Teaching our players to compete within a team environment will help them in every phase of their life.

The third goal is to prepare our players for the next level. We excel in preparing those players that have the desire, athletic ability and academic standing to play at the middle school, high school and collegiate level. Whatever their goals may be, we know that we will strive every day to help them take it to the next level.

Sincerely,

Brenda

PRACTICE AND TOURNAMENT INFORMATION

Practice Arrival & Preparation

Players should plan on arriving at the court 15 minutes prior to a scheduled practice time, to ensure that they are dressed and prepared for practice to begin on time. Our gym does not open until 15 minutes before our scheduled practice time. Players **MUST** wear Tampa North practice shirts issued. All players must wear black spandex to all practices.

We will hold open practices during the season to allow parents full access to the training environment. Please do not abuse this access. **Refrain from coaching your daughter or any other player during practice time. Parents are not allowed on the courts at any time during practice sessions.**

Practice Attendance

Practices are mandatory and a player's attendance is expected. Practice attendance will factor in determining a player's role on the team. Attendance will be kept by the coaches throughout the season.

Should a player have 3 or more absences the following consequences are in place:

- 3 absences will result in a player being held out of one set in a tournament.
- 5 absences will result in a player being held out of an entire match at a tournament.
- If the player has 6 or more unexcused absences, a meeting will be held with the player and her family to determine how to proceed.

If a player misses a practice **before** a tournament, without notification, the player will sit out the first set of that tournament.

We want players and parents to understand that the player's role may be affected if they miss significant time training with their team. Missing opportunities to work within the team's system and develop the timing and chemistry necessary to compete may or may not affect how the player is used in tournaments. We anticipate that our coaching staff will work closely with those players to communicate where the coach stands on the situation and ensure that the player is fully aware of the circumstances dictating any such decision.

Please contact your coach, 24 hours in advance, when you will be missing practice.

Tournaments

Please plan your schedules around these dates and when potential conflicts arise, contact the coach and the Director. In general, all tournaments should hold priority over other sports, activities, & vacations. Player's attendance is mandatory, and they are responsible financially for these events, whether they attend or not. Missing a tournament may affect playing time in other tournaments.

Tournament Preparation & Arrival

During tournaments we ask that players and parents read and implement the following protocols:

1. Players prepare properly for their tournaments. This includes getting the proper nutrition and rest prior to a tournament day. Please allow for a full 8 hours of sleep prior to a tournament and be sure to eat healthy meals/snacks both the day before and the day of the tournament.
2. Players will wear the official Tampa North gear to all events. **Please wear the team warm-up when entering and leaving the gym.** We also ask that players bring all jerseys and additional uniform items in case of emergency.
3. Players arrive at the time designated by the coach at the facility. Allow plenty of time to travel. If a player arrives late, the player's coach has the right to ask that player to sit out any portion of the tournament day. The consequences are left to the discretion of the coach and may change on a case by case basis. Generally, we ask that players arrive one hour prior to their first match if they are playing and 30 minutes prior to their first match if they are the reffing team.

In Tournament Guidelines

1. We ask that our teams stay together for the duration of the event and that includes time between matches and during reffing responsibilities. Players are encouraged to support other Tampa North teams, scout their next opponent, and get food and drink in their time between matches.
2. Players need to eat and hydrate properly before, during and after a tournament day. Fast food, junk food and soda should be avoided so that the athlete can sustain a high level throughout the tournament. We will cover nutrition in detail throughout the season.

3. Players are not allowed to leave the playing facility until released by their coach for the day. This includes staying through team reffing responsibilities until the match is over or any post-match meeting that the coach may hold.
4. Players are not allowed to leave the playing facility at any time during the tournament.
5. **Parents do not approach the coach for any reason during the tournament day.** For acceptable communication practice with our coaching staff, please read the grievance procedure.
6. We ask that parents are both supportive and positive in regard to the team and the athletes at all times. Please refrain from directing negative comments at the reffing crew, coaches and/or players. Please represent our club and your daughters in a manner that we can all be proud of. For more information, please review the Parent Code of Conduct.
7. Players need to carry a copy of their AAU and USAV cards in their backpack.

Playing Time Policy

Tampa North does not guarantee playing time to any player. However, we do believe players are entitled to know what is affecting their playing time as well as be given instruction on how to increase their playing time. We ask that players approach their coach with these questions whenever there might be an issue or concern.

We know that all players want to play and the vast majority of concerns by players and parents involve the amount of playing time that is allocated to the player. The following outlines our general philosophy on playing time.

Playing time is not guaranteed, is not equal and must be earned. Playing time is based on the player's performance at practice and in matches. Your coach will determine who plays and how much. They will take into account many factors in coming to that decision, but the decision is theirs.

POLICIES

Refund Policy

Tampa North Volleyball does not offer any refunds for club volleyball athletes since the loss of an athlete cannot be easily replaced once all club athletes have committed to their teams. This means if you quit for any reason you are still responsible for your financial commitment. The deposit will not be refundable.

Dispute/Grievance Procedure

Tampa North Volleyball Club fully comprehends the value of parent involvement and encourages our parents to offer feedback whether positive or negative, but to do so in a respectful way. The below procedure is designed to help athletes and parents with questions, concerns, or problems that may occur during the course of the season. It ensures open and honest communication between all parties involved.

1. **24-hour rule**: If the athlete or parent has a concern arising from a tournament or practice that needs to be addressed, they must wait at least 24 hours after the conclusion of the event to discuss the issue with the head coach. We trust that parents will be timely in communicating with coaches regarding potential issues that would distract that coach from their primary objective of coaching the team.

2. Don't approach the coach immediately prior to the start of practice, the coach must focus on the athletes' and the training required during practice.
3. The athlete must first ask for a meeting with the coach to discuss the issue at hand. In the case of players on 13's or younger teams, the parents may request the meeting, in which the athlete, parent and coach must be present.
4. If the issue is unresolved, the parents may ask for a meeting between themselves, the athlete, and the coach to discuss the issue. The meeting should take place at a location considered adequate for a private discussion agreed upon by both the parent and coach – NOT at a tournament and/or practice.
5. If the issue is unresolved, the parent may ask for a meeting with the club director, the head coach, and the athlete. The meeting should take place at a location considered adequate for private discussion, agreed upon by the parent, coach, and director and during a scheduled time away from practice or a tournament is appropriate. The decision of the club director at this point is FINAL. It is essential that our parents serve as a support system for our club, players and coaches. To ask this, we, as the club director, staff, and coaches need to be available to empower parents and athletes with information and ensure understanding. When all parties share time together, the potential conflict creates a greater opportunity to learn from each other different strategies in how all parties can communicate effectively and be more congruent in cultivating a positive experience for our athletes.

REQUIRED POLICIES FOR ONE-ON-ONE INTERACTIONS

The U.S. Center for SafeSport recognizes that youth-adult relationships can be healthy and valuable for development. 10 Rules for Parents from USAV Florida Region

1. Make sure your children know that win or lose, scared or heroic, you love them, appreciate their efforts, and are not disappointed in them. This will allow them to do their best without fear of failure. Be the person in their lives they can look to for constant, positive encouragement.
2. Try your best to be completely honest about your child's athletic capability, competitive attitude, sportsmanship, and actual skill level.
3. Be helpful, but don't coach them on the way to the field, rink, pool, gym or track or on the way back, at breakfast, and so on. It is tough not to, but it is a lot tougher for children to be inundated with advice, pep talks, and often critical instruction.
4. Teach them to enjoy the thrill of competition, to be "out there trying", to be working to improve their skills and attitudes. Help them develop the feel for competing, for trying hard, for having fun.
5. Try not to re-live your athletic life through your children in a way that creates pressure. You fumbled too, you lost as well as won. You were frightened, you backed off at times, you were not always heroic. Don't pressure them because of your lost pride.
6. Don't compete with the coach. You both have clearly defined roles that should complement each other. Encourage your child to respect their coach...they will learn more in the process.
7. Don't compare the skill, courage, or attitudes of your children with other members of the team, at least within their hearing distance.
8. Get to know the coach so that you can be assured that his/her philosophy, attitudes, ethics, and knowledge are such that you are happy to have your children under his/her leadership.
9. Always remember children tend to exaggerate, both when praised and criticized. Temper your reaction and investigate before over-reacting.
10. Make a point of understanding courage, and the fact that it is relative. Some of us can climb mountains, and are afraid to fight. Some of us will fight, but turn to jelly if a bee approaches. Everyone is frightened in certain areas. Explain that courage is not the absence of fear, but a means of doing something in spite of fear or discomfort. The job of the parent of an athletic child is a tough one, and it takes a lot of effort to do it well. It is worth all the effort when you hear your youngster say, "My parents really helped...they are the best!"
